

LLC, New York, New York (Company), a *de novo* limited liability company. Other investors in Company would include national banks and state member banks. Company would serve as the rulemaking authority for a network of participating financial institutions (Network), which would include Notificant, future equity investors in Company, and other financial institutions that elect to participate in the Network (collectively, Participants). The Network is designed to allow Participants to certify electronically the identity of parties conducting business or communicating electronically through the internet or otherwise. Participants in the Network would, among other things, issue to customers "digital certificates" that authenticate messages electronically sent by the customer, and confirm the validity of digital certificates issued by Participants. Participants also may issue warranties to customers who request verification of digital certificates issued by Participants, and post collateral to secure claims under any warranty issued by the Participant.

Company would develop, maintain, and enforce the rules governing the operation of, and participation in, the Network, and provide other services designed to facilitate the certification activities of Participants and operation of the Network. These activities would include issuing digital certificates to Participants and maintaining a current database of digital certificates that have been issued. Company and Participants would engage in a wide range of data processing and data transmission activities in connection with their proposed activities. A more complete description of the proposed activities of Company, Notificant, and other Participants is contained in the notices.

Section 4(c)(8) of the BHC Act provides that a bank holding company may, with Board approval, engage in any activity that the Board has determined (by order or regulation) to be so closely related to banking or managing or controlling banks as to be a proper incident thereto. The Board previously has determined that certain data processing and data transmission services are closely related to banking for purposes of section 4(c)(8) of the BHC Act, pursuant to § 225.28(b)(14) of Regulation Y. Notificant contends that all of the proposed activities are so closely related to banking as to be a proper incident thereto, or are activities that are incidental to permissible activities, pursuant to § 225.21(a)(2) of Regulation Y.

In determining whether the proposal satisfies the proper incident to banking

standard of section 4(c)(8) of the BHC Act, the Board must consider whether consummation of the proposal can "reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices." 12 U.S.C. 1843(c)(8). Notificant contends that consummation of the proposal will facilitate the development of electronic commerce and will have a beneficial effect on competition for identity certification and related services.

In publishing the proposal for comment, the Board does not take a position on the issues raised by the proposal. Notice of the proposal is published solely to seek the views of interested persons on the issues presented by the proposal and does not represent a determination by the Board that the proposal meets, or is likely to meet, the standards of the BHC Act. The notice is available for immediate inspection at the Federal Reserve Bank indicated above and at the offices of the Board of Governors. Any request for a hearing on the notices must be accompanied by a statement of reasons explaining why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal.
